Gov. Brodie has appointed Sergeant W. D. Allison to be lieutenant of the Arizona rangers, to succeed John Foster, resigned.

William Eckel, of Phoenix, was recently convicted of kidnapping his fifteen year old niece, and sentenced to Yuma for two years and six months.

One of Fred M. French's automobiles got beyond control of two women Monday and crashed into the fence of Julius Krentz's residence. The occupants were thrown out, sustaining painful but not serious injuries.—Winslow Mail.

The body of Joe Hood, a member of the Jerome Miners' union, was found

Sunday by Prescott hunters at the head of Miller canyon. The deceased had been in poor health and it is supposed that death came while he was resting where the body was found.

The cattlemen of Arizona are holding their best one, two and three year old steers at \$16, \$19 and \$22, for fall and winter delivery. The cattle are in better condition than they have been for years, and are worth more money to the buyer than they have been before.—Cattleman.

The largest premium for school bonds in Arizona was offered yesterday by Ben Butler for the \$4220 of school district No. 16, for which Mr. Butler bid \$5,908, or a premium of 40 per cent. The bonds are for the purpose of raising money to construct a new school house and also to make other improvements.—Phoenix Gazette.

Arizona has a new town, or rather it is an addition to another town. Don Luis it is called and is located three miles from Bisbee. More than 2,000 people attended the opening day sale of lots and the sale amounted to over \$100,000. It is to be a model residence town and will be connected with Bisbee and the big mines by an electric street railway.

The Prescott Journal-Miner says that about 100 spectators were present at the rooms of the Athletic club on Saturday evening to witness the sparring exhibition. The first was between a soldier and Mike Distin and the former gave up at the end of the third round as his wind gave out. McMahon, the club manager, and a California boy named Bartlett gave a ten round exhibition.

A gentleman was sued this week in the county court for divorce on the ground that he never spoke to his wife, says the Winslow Mail. Which puts the Albuquerque Journal in mind of another case which happened recently of a similar nature. The defendant admitted that "he had not spoken to his wife since their marriage," but offered for an excuse, "that he didn't like to interrupt her."

The long lost Adams diggings have again been discovered, this time by a rancher named Russell. Mr. Russell was in town last week with some specimens which were almost half gold. He states that he made a shipment of 500 pounds of ore, which brought him about \$5000. He was very reticent as to the location of the find, but left the impression that it was on the north side of the Escondido mountains. He reports that he found the cabin, and also the skeletons of miners who were killed by the Indians in the 50's.—Clifton Copper Era.

#### Dieting Invites Disease.

To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enable the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never failing cure for indigestion, dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by D. J. Brannen.

Texas is hard hit from a visitation of yellow fever and the boll weevil, while New York is in the throes of a visitation from Dowie, Carrie Nation and the devil.
